EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bryan H. Davidson on 4/19/2010.

The application has been amended as follows:

Cancel claims 37-41.

2. Claims 27 and 29 are rejoined and examined on the merits. Therefore, claims 21-36 are allowed over the prior art of record.

3. The following is an examiner's statement of reasons for allowance:

The closest prior art references are: US 4,996,951 to Archer et al., which teaches a method of cleaning heat exchange surfaces of a heat exchange system, US 5,591,895 to Rigby, which teaches a method for detecting particles in a gas flow and US 6,325,025 to Perrone, which teaches a sootblowing optimization method. The prior art references of record, taken alone or in combination, do not anticipate or suggest fairly the limitations of: performing a cleaning cycle on heat exchange surfaces by cleaning sequentially differently located parts of the heat exchange surfaces, measuring the amount and/or type of released particles entrained in an exhaust gas stream so as to

create particle measurement data associated with each of the respective differently located parts and linking together and storing into an electronic memory location information of the respective differently located parts and the respective particle data measurement data created during the cleaning cycle, in combination with the other step elements of the cleaning method as instantly recited. Upon further search no other prior art has been located at the date of this Office action.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

5. Regarding the information disclosure statement filed 4/19/2010, reference US 6,325,025 to Perrone is already on the record.
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Golightly whose telephone number is (571) 270-3715. The examiner can normally be reached on Monday to Thursday, 7:30 AM to 5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Kornakov can be reached on (571) 272-1303. The fax phone

number for the organization where this application or proceeding is assigned is 571-273-8300.
